Dear Parents/Caregivers

During Term 3, as part of a unit on Digital Literacy, the Year 10 [redacted] class will be using blogs and a class wiki. Also covered in this unit will be topics around cyber safety and digital citizenship.

Each student will have their own blog, and the wiki will be shared by the class as a whole. There will be specific tasks students need to complete, but students are also encouraged to write in their blog whenever they want to.

I would like to invite you as the parents and caregivers of these students to participate in this unit of work. It is not necessary to have an account to view the students' work, but if you would like to leave comments and interact on the blog site then you will need a Guest account. I am happy to arrange this for you.

You can view the blog by going to this website: [redacted] and selecting your child's name in the sidebar on the right.

If you would like a Guest account to leave comments, can you please return the tear-off slip below.

Should you have any questions or concerns, please do not hesitate to contact me at the school on [redacted] or by email [redacted]

Regards

Annelise Gill
ESL Class Teacher

I would like to have a Guest account for KidBlog arranged.
